

POS Solutions for All Retail Businesses

UP Retail®

MATRIX POS

UP Retail®

- ✓ Increase Revenue
- ✓ Streamline Customer Flow
- ✓ Maximize Staff Productivity
- ✓ Enhance Customer Experience

UP Retail® is a complete Windows®-based POS solution that is perfectly suited for high volume apparel, grocery, convenience, beauty supply, liquor, and other retail store types. This industry leading, next generation solution is powerful, reliable, and possesses all of the key features you need to run your retail business efficiently.

UP Retail® has powerful features to deliver the performance you need to successfully manage a full scale retail environment. The customizable, intuitive user interface maximizes productivity, while customer and business management features help streamline customer flow, improve the customer experience and increase revenue. The back office software allows remote access from anywhere with an internet connection and provides robust business analytics to streamline employee, vendor and inventory management to help boost profits and mitigate loss.
